

**Material Safety Data Sheet- 8/24/09**

**John Tillman Co- 1300 W. Artesia Blvd, Compton, CA 90220, 310-764-0110**

---

**Section I – Product Identification**

---

**Tillman 583 Olive drab cotton duck**

---

**Section II – Hazardous Ingredients / Identity Information**

---

**This product is a coated textile, which has been treated with a mixture of chemicals.**

**This mixture of chemicals, the identities of which are being withheld pursuant to the trade secret exemption set forth at 29 CFR Section 1910.12000(g)(2)(i) and (i)(1)(i-iv).**

---

**Section III – Physical / Chemical Characteristics**

---

<b>Boiling Point – N/A</b>	<b>Specific Gravity (H<sub>2</sub>O=1) – N/A</b>
<b>Vapor Pressure (mm Hg.) – N/A</b>	<b>Melting Point – N/A</b>
<b>Vapor Density (AIR=1) – N/A</b>	<b>Evaporation Rate – N/A</b>
<b>(Butyl Acetate=1) Solubility</b>	<b>in water – Material is insoluble</b>
<b>Appearance and Odor – Coated Textile, slight odor</b>	

---

**Section IV – Fire and Explosion Hazard Data**

---

**Flash Point – Open cup > 500 °F**  
**Extinguishing Media – Water or any media suitable for source.**  
**Special Fire Fighting Procedure – Self-contained breathing equipment.**  
**Unusual Fire and Explosion Hazards – None**  
**Flammable Limits – N/A**

---

## **Section V – Reactivity Data**

---

**Stability – Material is stable**

**Incompatibility (materials to avoid) – Strong Acids**

**Hazardous Decomposition or Byproducts – None**

**Hazardous Polymerization – Will not occur**

---

## **Section VI – Health Hazard Data**

---

- I. Textile Coated with Pyrosnuff**
- A. Routs of Entry – Skin, inhalation**
  - B. Signs and symptoms of exposure – None known**
  - C. Medical conditions generally aggravated by exposure – None known**
  - D. Emergency and first-aid procedures – Although there are no known adverse health effects caused by exposure to coated textile, workers who show any adverse health effects should seek prompt medical attention.**

### **Carcinogenicity**

- A. Coated textile contains no listed carcinogens to which downstream employees may be exposed.**

- II. Individual Components of Coating**
- A. Health Hazards / signs and symptoms of exposure**
    - 1. Eye: Acute – several components of coating may cause temporary eye irritation.**
    - 2. Skin: Acute – Contact with several components may cause skin irritation.**
    - 3. Inhalation: Acute – Inhalation of several components of coating may cause irritation of the respiratory tract; excessive inhalation of one component may cause dizziness, weakness, nausea, headache, possible unconsciousness, and asphyxiation; inhalation of another component may cause chemical pneumonitis, anemia, and kidney damage.**
- 

## **Section VII – Special Protection Information**

---

**Steps to be taken in Case Material is Released or Spilled – N/A**

**Waste Disposal Method – Dispose in accordance with all local, state and federal regulations.**

**Precautions to be taken in Handling and Storage – A good ventilation system is recommended during processing of textile product.**

**Other Precautions – Thin protective gloves should be worn if dermatitis occurs.**

---

## **Section VIII – Special Protection Information**

---

**Respiratory Protection (specify type) – N/A**

**Ventilation – Local exhaust is recommended**

**Protective Gloves – Recommended**

**Eye Protection – N/A**

**Work / Hygienic Practices – Good industrial hygiene is recommended.**

---

## **Section IX – Regulatory Information**

---

**California Proposition 65 – HMIS Ratings: Health-0, Flammability-0, Reactivity-0**

**The finish applied on this fabric is a flame resistant coating. After the coating is applied and the fabric processed, the fabric is stable. The fabric may contain small amounts of benzene, toluene, antimony compounds and copper compounds. The information contained herein is believed to be correct. However, no guarantee or warranty of any kind, expressed or implied, is made with respect to the information contained herein. It is the user's obligation to evaluate and use this product safely and to comply with all applicable laws and regulations.**

---

**To the best of our knowledge, the information contained herein is accurate. The information provided is based upon data furnished by our suppliers. However, John Tillman co. assumes no liability whatsoever for the accuracy or completeness of the information contained herein. While believed to be reliable, the information of products are intended for use by skilled persons at their own risk. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.**
