

Crescent C-Clamps

Strength you can count on

Introducing Crescent C-Clamps — with the same Apex Tool Group quality you've come to trust, now under the Crescent brand. These C-clamps continue to be forged from carbon steel in Sumter, South Carolina and, as always, meet or exceed US Federal Spec. GGG-C-406D.

Available in heavy-duty, general service, square throat, and deep throat patterns, rest assured the Crescent line of C-clamps provides the strength and quality that for decades has been the hallmark of Apex Tool Group products.
